

### Newsletter | March 2023 | Issue 2023 (1)

#### Highlights

**1** Scoping survey for new audits

**2** ABS Conference 15-16 May

**3** Meet the team and find out more

#### Help shape the new audits – scoping survey now live

[Take the survey](#)

The scoping survey that will help inform the new National Audit of Primary Breast Cancer and National Audit of Metastatic Breast Cancer is now live. We are asking stakeholders from across the breast cancer care community – including both healthcare professionals and patients/patient advocates – to share your thoughts on where we should prioritise our efforts.

The short survey will take a **maximum of 5 minutes** to complete.

Please feel free to share the survey with your networks to ensure we consult as widely as possible on the focus of the audits. Your contribution to the audits is hugely important and appreciated.

#### ABS Conference, 15-16 May

Join us at the ABS Conference to hear about progress and plans for the two new breast cancer audits. We will also be presenting on breast cancer drug recording in routine data and on re-excision rates based on data from NABCOP.

[Find out more and book your place](#)

#### Meet the team and find out more at stand 39!

##### Come to our presentations:
