NPaCA Newsletter, October 2026

Want to hear more?

NPaCA is part of the National Cancer Audit Collaborating Centre (NATCAN). If you want to find out more about NATCAN visit [our website](https://www.natcan.org.uk). If you would like to receive regular updates, send us an email NATCAN@rcseng.ac.uk.

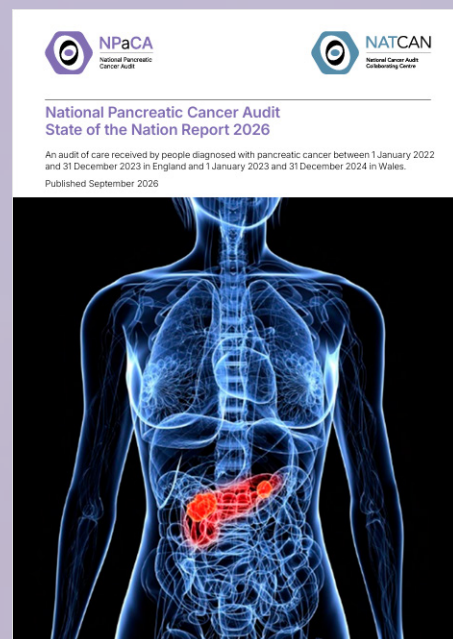

NPaCA publishes its 2026 State of the Nation Report

On the 10th of September, the NPaCA team published its third [Annual State of the Nation report](#). This year's report includes people diagnosed with pancreatic cancer from 1 January 2022 to 31 December 2023 in England and 1 January 2023 to 31 December 2024 in Wales.

Alongside the [State of the Nation Report](#), the audit have published a range of accompanying supplementary materials, which includes the following:

- [Patient and Public version of the report](#)
- [Methodology supplement](#)
- [Quality Improvement action plan template](#)
- [Online data dashboard](#)
- [Supplementary results](#)
- [Glossary](#)

Access the [State of the Nation report](#) and all of the supplementary materials via our [NPaCA web pages](#).

State of the Nation webinar 5th November 2026

NPaCA will be contributing to NATCAN's State of the Nation webinar series at a webinar taking place between 1pm and 2pm on the 5th of November. This will be the first of three webinars, with others in the series taking place on the 11th and 13th of November.

At the webinar on the 5th of November, the NPaCA team will be joined by representatives from the [National Kidney Cancer Audit \(NKCA\)](#) and the [National Non-Hodgkin Lymphoma Audit \(NNHLA\)](#), in a session themed around diagnosis, treatment and support.

Update to our quarterly dashboard and new 'cross-audit' dashboard launched

We encourage NHS trusts and Cancer Alliances to view the NPaCA interactive dashboards. These present performance indicators over a three-year period and are refreshed on a quarterly basis, allowing healthcare providers in England to monitor their performance and track progress over time.

This month, NATCAN is pleased to publish it's first 'cross-audit' data dashboard which focuses on data quality indicators across all ten of the national cancer audits.
